Riding mowers are larger and usually more powerful than walk-behind mowers. This means that they can be used on larger areas with less manual labor from the operator. Riding lawnmowers are commonly used by professional lawn care companies and homeowners on large areas of grass, such as golf courses and fields.

DIY - Lawn Tractor and Riding Mower problems you may want to fix yourself Riding Mower is making smoke. A tractor that belches smoke may seem like it's on its last legs, but it may just have a clogged air filter, which can cause the engine to pull oil past the piston rings and generate an oily smelling cloud of smoke. Replace your air filters and check your pistons.
