Crossing the Threshold occurs when the hero leaves his or her Ordinary World and enters a new, dangerous world. This crossing may occur willingly or unwillingly, and before or after the Meeting the Mentor step. The Threshold is almost always a physical boundary of some kind, and it is guarded by natural perils or dangerous enemies.

Once you have maximized your aerobic threshold, which focuses on reducing the rate at which lactate is produced, you can then focus on improving the body's ability to remove it. The best way to view your cardiovascular system is to think of it as a vacuum, which sucks up all the lactate. The greater the aerobic threshold, the bigger the vacuum.
