Farming

Agriculture is the science and art of cultivating plants and livestock. Agriculture was the key development in the rise of sedentary human civilization, whereby farming of domesticated species created food surpluses that enabled people to live in cities. The history of agriculture began thousands of years ago.

Agriculture - Wikipedia

Farming USDA works everyday to strengthen the American agricultural economy. Despite the difficult economic climate of the past years, our efforts - coupled with the 2008 Farm Bill, the Recovery Act, and the hard work and resilience of America's farmers and ranchers - are helping American agriculture lead the nation's recovery.
