This key introductory OU level 1 law module is taught entirely online and considers the nature and role of law. It examines the role and function of a legal system by considering why laws develop, how laws are created, interpreted and applied and the role that law plays in regulating and administering justice within a society.

### **Introduction to International Legal English**

Law commonly refers to a system of rules created and enforced through social or governmental institutions to regulate behavior, with its precise definition a matter of longstanding debate. It has been variously described as a science and the art of justice. State-enforced laws can be made by a group legislature or by a single legislator, resulting in statutes; by the executive through decrees ...
