LQ4/LQ9 Engine Upgrade Guide: Expert Advice for LQ4 & LQ9 ...

from what i've read the 6.0 iron blocks are almost identicle castings as the aluminum blocks but have a 4" bore and can be bored out slightly since they don't have sleeves so you have a slight displacement advantage and are stronger (probably not enough of advantage to matter till well over 600 hp) but iron blocks have an 88 pound disadvantage. the Lq9 heads (I believe) are very close to Ls6 heads except they have a larger cumbustion chamber. the LQ9 is 345 hp stock so its no slouch but ...
