Tanks of Hitler's East Allies - Armorama

"Tanks of Hitler's Eastern Allies", by Steven J. Zaloga and illustrated by Henry Morshead, is an overview of the tanks fielded by Germany's European allies on the Eastern Front during World War II. The author provides a short summary of each ally and the tanks they fielded, whether home-designed and built, purchased from other nations, improvised from captured weapons, or "gifted" them by the ...

Amazon.com: Customer reviews: Tanks of Hitler's Eastern ...

On 30 January 1933, Adolf Hitler was appointed Chancellor of Germany.Although he initially headed a coalition government, he quickly eliminated his government partners.He ignored the restrictions imposed by the Treaty of Versailles (1919) and began rearming, approving the development of many German tank designs he was shown.. The German Army first used Panzer I light tanks, along with the ...

Tanks in the German Army - Wikipedia

The indigenous German tank forces were a success due to tactical innovation more than tank quality. Using so-called "Blitzkrieg" ("lightning war") tactics, Guderian, Paul Ludwig Ewald von Kleist and other field commanders such as Erwin Rommel broke the hiatus of the Phoney War in a manner almost outside the comprehension of the Allied — and, indeed, the German — High Command.

German tanks in World War II - Wikipedia

Immediately prior to the German invasion of Russia, Hitler decided to cut the number of tanks per division in half from 300 to 150 in order to double the number of Germany's Panzer divisions on...
