The Archaeology Of Ancient Indian

History. The history of archaeology began in Western Europe, and the earliest scholars to take an interest in the archaeology of the Indian subcontinent were Western European travelers in the 16th, 17th and early 18th centuries. The earliest European written accounts of India's ancient monuments and Hindu temples were produced by sailors and travelers in the 16th, 17th and early 18th centuries CE.

M.A. in Ancient Indian History, Culture and Archaeology

Ancient Indian architecture is the architecture of the Indian subcontinent from the Indian Bronze Age to around 800 CE. By this endpoint Buddhism in India had greatly declined, and Hinduism was predominant, and religious and secular building styles had taken on forms, with great regional variation, which they largely retained until and beyond the great changes brought about by the arrival of ...

The Nature of Ancient Indian Historical Traditions. As we have seen, a wide number of literary sources are available for ancient and early mediaeval India. Is there any proof of significance in maintaining in such texts the memory of the past, of a historical tradition? Romila Thapar distinguishes between embedded and externalised historical forms.
