Language development typically continues at a steady pace over the next few years. Vocabulary grows and kids start trying out words they have read but not heard. By the end of second grade most children: Listening. Follow 3-4 oral directions in a sequence; Understand direction words (e.g., location, space, and time words)

### **Language and Literacy Milestones — The Language Literacy ...**

Language development in humans is a process starting early in life. Infants start without knowing a language, yet by 10 months, babies can distinguish speech sounds and engage in babbling. Some research has shown that the earliest learning begins in utero when the fetus starts to recognize the sounds and speech patterns of its mother's voice and differentiate them from other sounds after birth.
