The Food & Mood Centre at Deakin University is a world-leading, multi-disciplinary research centre that aims to understand the complex ways in which what we eat influences our brain, mood, and mental health. We are a team of world-class researchers from various backgrounds, studying the food-mood relationship at various levels, from microbiology to public health.

Food and Mood Centre
Food + Mood NYC: From food, fitness, spirituality to social life, we focus on all aspects of life. We are right there with you, guiding and supporting your path to wellness

Food + Mood NYC
Emphasize fresh cold-water fish, such as salmon and tuna, which are rich in the omega-3 fats that help regulate our moods. These essential fats can reduce impulsive behavior. Stay away from fried fish and chicken, fries, and onion rings, which are cooked in unhealthy trans fats that suppress omega-3 activity in our bodies.
