The Atkins Diabetes Revolution plan is similar to the Atkins weight loss strategy: four levels of carbohydrate restriction are instituted. The induction phase restricts dieters to 20 g of carbohydrate. On the weight loss plan, this is recommended for about 2 weeks. In diabetes this is maintained until glycemic control is attained.

World Diabetes Day, the world's largest diabetes awareness campaign, is focused this year on Women and Diabetes. According to the International Diabetes Federation, 199 million women have type-2 diabetes, and that is projected to increase to 313 million by 2040. In fact, diabetes is a leading cause of death among women. And that's a scary fact.
