Creating Room To Read A

Creating Room to Read tackles the organization's next steps—the challenges of managing expansion while maintaining integrity; of raising money in a collapsing economy; of promoting gender equality through scholarships for girls; and of changing the mission to include not just building libraries but publishing books for children who literally have no books in their native language. Thanks to Room to Read, over seven million children have now had the benefit of books and schools, and their ...

Creating Room to Read

Creating Room to Read is the worthy successor to John Wood's first book, Leaving Microsoft to Change the World, which made Amazon's list of Top Ten business narratives in 2006. This book picks up where the first book left off, chronicling Room to Read's evolution from its start-up years to its growth to become one of the most highly admired and most effective NGOs on the planet.
