It can be used to introduce students to any new book, whether a work of literature or a resource book such as Holocaust and Human Behavior. Spending some time looking at the cover and previewing the content of a book is an effective way to spark students' interest and provide students with context that will help them engage with the material.

Teaching Strategy: Introducing a New Book | Facing History

Book design is the art of incorporating the content, style, format, design, and sequence of the various components and elements of a book into a coherent unit. In the words of renowned typographer Jan Tschichold (1902–1974), book design, "though largely forgotten today, [relies upon] methods and rules upon which it is impossible to improve, [and which] have been developed over centuries.

Book design - Wikipedia
