academic work. However, it uses US copyright law, which isn't universal; some books listed as public domain might still be in copyright in other countries. RightsDirect explains the situation in more detail.

France In The Enlightenment Harvard

France in the Enlightenment brings the Old Regime to life by showing how its institutions operated and how they were understood by the people who worked within them. Daniel Roche begins with a map of space and time, depicting France as a mosaic of overlapping geographical units, with people and goods traversing it to the rhythms of everyday life.

France In The Enlightenment Harvard Historical Studies [PDF]

This pioneering book chronicles the transformation of public art in eighteenth-century France. As royal and ecclesiastical authority waned under the rule of Louis XV, there emerged nascent democratic institutions, a new metaphysics, and a radical political consciousness—a paradigm shift that profoundly marked the forms that commemorative sculpture and architecture took.

Revolution and the creation of a nation without an established religion.

Enlightenment and Revolution - Harvard University

The Enlightenment has long been seen as synonymous with the beginnings of modern Western intellectual and political culture. As a set of ideas and a social movement, this historical moment, the 'age of reason' of the seventeenth and eighteenth century, is marked by attempts to place knowledge on new foundations.
