A child's 10 th birthday is kind of a big deal. It signifies the first decade of a child's life, so some big celebration is to be expected. This also means that the child is getting out of that little kid stage and entering the next phase, which is the pre-teen years. Happy birthday! Today is your birthday, And you feel pretty good,
Your body's still working, You should really touch wood.
Your hair is just a bit grey, Your wrinkles few and far between,
You may not look 18 anymore, Still you get pimples like a teen.
I'm glad you feel as fresh as ever, Despite the fact you're getting
ripe, You say you have 20/20 vision, Yet you read books with
large type.
