This will get you into looking at copies of Harley parts books for your year. Go to engine and oil pump and you will find the tappet screen and where it is.

EVO engine. What to watch out for? | Harley Davidson Forums

The Evolution (Evo) engine is a V-twin engine that has been manufactured by Harley-Davidson since 1984 for a variety of different motorcycle models. The engine design is often credited with saving Harley-Davidson from bankruptcy after the management buyout and subsequent reorganization that the company went through during the early 1980s.

A brief history of the Harley-Davidson Evolution Engine ...

EVO's are great engines!!!! I've got almost 50k on mine. ... If the bike was used by a local police dept you could go to their service dept head and find out the history of the bike. It might have had the cam bearing changed already. ... General Harley Talk Twin-Cam Engine Harley-Davidson Touring My Story, the Beginning... Harley-Davidson FXR.

98 evo reliability | V-Twin Forum

I put 91,000+ miles on a 1988 FXSTS from 1988 to 1998. Only problem I ever had was rocker gaskets (twice) and cylinder base gaskets (once). It was a great 1-up bike and traveled over much of the US and Canada. The 87-thru 89's had a great cam in them, an "L" grind I think. It had a .495 lift and lots of get-up and go.

Best or worse years for Evo | V-Twin Forum

harley-davidson ® engines When the heart of your Harley motorcycle gets a little tired we can help wake it up.
