In The Cities Of Coin
In the Cities of Coin and Spice is the sequel to In the Night Garden by Catherynne Valente. The books share the same structure, with stories nested inside of stories, up to seven levels including the framing story. As for that framing story, it continues in this book and finally gets a satisfying conclusion.

In the Cities of Coin and Spice by Catherynne M. Valente
The Orphan's Tales is a fantasy series by Catherynne M. Valente with illustrations by Michael Kaluta. The two novels of the series, In the Night Garden and In the Cities of Coin and Spice, are in turn split into two books apiece. While three of these four books begin with a story told by the same young woman, her stories branch out into other stories, often narrated by a completely different character. The series won the 2008 Mythopoeic Award for Adult Literature, and In the Night ...

In the Cities of Coin and Spice Quotes by Catherynne M ...
The first silver ancient Greek coins belong to the city of Aegina. The Aeginitan standard was based on a silver didrachm or stater. These coins were used widely in areas without silver coinage such as Egypt and the Levant. The widespread circulation of Aeginitan coins led multiple Aegean cities to adopt the Aeginitan weight standard.

Coin City
The cities began coin production in 550BC and persisted until 510 BC. The Hellenistic period . This period of Greek coinage started in 323 BC and persisted until 31 BC. The period was known for the expansion and spread of the culture of the Greek to all the parts of the world that were known then.

Ancient Greek Coins - Facts and List
Each of the coin is a random drop from fishing in the Eventide Fountain, so you will have caught some coins many times before you catch the first of another. I.e. the chance of getting a specific coin does not increase when you have caught most of the others already. Edit: I ran a simulation of catching the coins.
