### International patent law and policy (Book, 2013) [WorldCat ...

The Office of International Patent Cooperation (OIPC) was established in 2014 to support and improve the international patent system. The office leads efforts to assist U.S. inventors and businesses in protecting their patent rights worldwide and supports the global innovation community. We strive to improve the international patent system in two critical areas: increasing certainty of intellectual property (IP) rights and reducing costs for international stakeholders.

### Ruth L. Okediji | Harvard Law School

International patent law covers the protection of intellectual property across nations. If you have an invention that you wish to protect, you can apply for a patent with the United States patent office. If granted, the patent allows you to prevent others from manufacturing or selling your invention for a term that is typically twenty years.
