Mathematics: Is God Silent? - Chalcedon

So this book, Mathematics: Is God Silent?, was written by a Christian maths teacher who several times found himself being handed this dilemma by non-Christians: well, you say that everything needs to be taught from a Christian perspective - but what about maths? Surely, $2+2=4$ regardless of your religious persuasions, right?

Book Review: Mathematics - Is God Silent? (James Nickel ...

Let's entitle the following as "The History of Mathematics: Is God Silent? A personal testimony of God's calling and God's faithfulness." Elementary school Reared on a farm in Dinuba, CA, a small San Joaquin valley town twenty miles south of Fresno, I started school in 1957. I attended Windsor

Elementary school (2 grades/room) and

Why James Nickel wrote Mathematics: Is God Silent?

It is obviously the work of a lifetime, an invaluable contribution to Christian education at all levels and to a Christian perspective on mathematics. Although Mathematics: Is God Silent does present some mathematics, the discussion is more philosophical than mathematical.

Review: Mathematics: Is God Silent? by James Nickel | Tea ...

Few books of recent years are of equal importance to James Nickel's pioneering work Mathematics: Is God Silent? It provides the theological foundation for mathematics and more. No theologian or 2 Order "Mathematics: Is God Silent" www.biblicalchristianworldview.net

What others are saying about Mathematics: Is God Silent?

by James Nickel. Mathematics: Is God Silent? answers the question posed in its title with a resounding "No! God is by no means silent!" As we are told in Romans 1:20, God is manifestly visible in His creation: "For since the creation of the world God's invisible qualities—his eternal power and divine nature—have been clearly seen ...

Mathematics: Is God Silent? by James Nickel - Alibris

James Nickel's work is a masterpiece! It does an excellent job of tracing the historical development of mathematics and reviewing its impact on

history and philosophy. It is relatively easy reading, but not for lower than the high school level. Nickel clearly communicates the loud voice mathematics has had in showing God's hand in creation.
