Financial Management
9th Edition provides
that conceptual
framework within
which key financial
decisions of a
multinational firm can
be analyzed. The
author's
comprehensive
approach is to treat
international financial
management as a
natural extension of
the principles learned
in the first course in
financial management.

This is a nice book for
the medium-advanced
student in finance -
and definitely a good
refresher for the
practitioners of the
international corporate
finance. As other
reviewers mentioned,
might be a bit too
shallow, but the
