Most maintenance and repairs to an inboard/outboard boat engine are performed with the motor mounted in the boat. Occasionally, it's impossible to make the needed repairs with the motor in place and the only alternative is to remove the motor from the boat. This is not as difficult as you might think if you have ...

General Motors-owned Oldsmobile produced the Rocket 350-cubic-inch V-8 engine from 1968 to 1980. The Olds V-8 was unrelated to other GM 350 V-8s. GM often mixed and matched its 350s with different make and model cars. However, other than the Cadillac Seville, the Rocket 350 only powered Olds models. Although it was ...

Berkeley Jet offered Olds 455 engine and jet pump "Packajets" to the marine industry in two ratings, one 270hp@4400, and another 330hp@4700. These figures sure seem low to me, as my '70 Olds 442 W-30 455 had an engine decal that , if memory serves, said the engine was rated at 375hp/500ft lbs torque.

I have a recently purchased jet boat which has Berkeley 455 packajet engine. The boat is a 1976 Keaton and from what I can tell the engine is the original engine and Berkeley jet provided by Berkeley. Anyways, what I have is where the oil sending unit mounts to the block there is a "t" in between the sending unit and the block. From the "t" is a short 1 foot or so hose.
