Practical Marine Electrical Workshop Practical electrical knowledge has traditionally been a weak area for most marine engineers. This programme has been specifically developed to fill this acutely felt training need.

Practical Marine Electrical Workshop - Wilhelmsen

Marine Engineering Marine engineering is a field that deals with the engineering aspect of the maritime industry. Like any conventional engineering course, marine engineering is a four year course which prepares an individual to become an engineer on ships. Marine engineering is all about machinery on ships, boats, yachts, or any sea going vessel.
