Read Online Reality Transurfing 1 The Space Of Variations ...

Space of Variations - Reality Transurfing. It is an information structure - infinite data field containing all versions of all events that could happen. You could say that it contains everything that was, is and will be. Space of variations is a template, grid of motion of matter in space and time. Both past and future are there stationary, like frames from a movie roll-film and the time happens only during the movement of an individual frame, in which the present is contained.
