John Gray on The Immortalization Commission

Gray's latest volume, The Immortalization Commission - Science and the Strange Quest to Cheat Death is an attack on another myth of our times (albeit one not as mainstream as his previous targets) - namely, the belief that science will one day enable us to achieve immortality, and thereby make life meaningful.

The Immortalization Commission by John Gray | Issue 86 ...

attacking what he calls 'The Immortalization Commission'. The long and short of what he says, is that science sometimes works in mysterious ways. If we are to believe John Gray, science channels magic to this day. As with Straw Dogs and Black Mass, the moral is the same: 'Humanism is religion, under a different name'.
